ACKNOWLEDGMENT

I have taken efforts in this project. However, it would not have been possible without the kind support and help of many individuals and organization. I would like to extend my sincere thanks to all of them. I am highly indebted to **Mr. Madan Mohon Singh** for their guidance and constant supervision as well as for providing necessary information regarding the project & also for their support in completing the project. I would like to express my gratitude towards my parents & member of **Dev Sanskriti Vishwavidyalaya University** for their kind co-operation and encouragement which help me in completion of this project. My thanks and appreciations also go to my colleague in developing the project and people who have willingly helped me out with their abilities.

<u>Certificate</u>

This is to certify that the project entitled, "Fee Management System" submitted by "Anupam Yadav and Mayank Kashyap" in partial fulfillment of the requirements for the award of "Master of Computer Application" in " Computer Science" at the "Dev Sanskriti Vishwavidyalaya" is an authentic work carried out by him under my supervision and guidance.

ABSTRACT

Fee management system is based on financial and maintenance fee. That is submitted by the student per year and semester wise. Those fee will be submitted by student and record of fee will be maintained in the register manually by the accountant. The fee management system project solve all the manual process of accountant by the computerized system of fee management system. Fee management system have basically two user the first one is admin who can add accountant. Admin can view all the accountant details that is hire by the administrator and those accountant will not work in organization that accountant should be vanished by administrator that accountant will not be any more and permanently deleted by the administrator. A log-out facility provided to the both in the administrator section and accountant section. Accountant can manages all the details of student like adding the details of students, can view all the details, update the students if any record incorrect. Those student who can leave the organization or institution the record of that particular student will be deleted by the accountant permanently from the accountant section. Another action preformed by the accountant is to generate fee receipt of students. Fee receipt will be generated after the submission of all the tuition fee or charges of organization or institute by the students. Than accountant can feed all the details in accountant section after the confirmation of organization. After that accountant can verify the fee record of students than print the fee receipt of student. That's all about the abstract of fee management system.
